

BRIGHT FUTURES

Tool & Resource Kit

Bright Futures Guidelines for Health Supervision of Infants, Children and Adolescents, the national standard for well-child care. These forms and materials relate to preventive health supervision and health screening for infants, children, and adolescents.

01.

Michigan Home Visiting Initiative staff now have access to material from the American Academy of Pediatrics Bright Futures Tool and Resource kit to help support families completing well-child visits.

02.

03.

- Click login at the top right of the home page.
- Then click on institutional login

04.

Then type in our Family Spirit Login information

Username: MDHHS
password: Wellchild1
(case sensitive)

06.

As a home visiting program, you now have access to materials for families from the newborn well-child visit through the 18–21-year-old visit. Having this material available has been found to be a helpful way of encouraging completion of well-child visits, an important strategy to improve children’s health.

07.

Additional Resources on their website include:

- Additional Parent Handouts
- ADHD Toolkit
- Autism Toolkit
- Mental Health Toolkit

07.

You can also find handouts for up to age 6 on the ITC website.

- MCH Dept.
- Staff Resources
 - password: homevisiting
- Program Forms
- Bright Futures Tool Kit & Resources
