

Informing the Prevention of Adolescent Substance Use : Brain Development and Commonly Used Substances

Join us for this free virtual training opportunity and earn 2 MCBAP CEUs!

Presentation by:
Dr. Jason Burrow- Sanchez

Date & Time

TUESDAY - JANUARY 21, 2025
1:30-3:00PM VIA ZOOM

This presentation will provide participants with the prevalence rates for the most commonly used substances by adolescents in the United States. It will also provide a basic overview of substance use on adolescent brain development. Finally, participants will learn how understanding adolescent brain development impacts efforts for preventing adolescent substance use.

Hosted by the Inter-Tribal Council of Michigan's Anishnaabek Strategic Prevention Framework Initiative (5H79SP082330) - NO COST TO ATTEND!
